Delhi Public School Narsapuram (DPS) is a prestigious co-educational day-cum-boarding school located beside the chinchinada highway, Kalagampudi near the town of Narsapuram in Andhra Pradesh. DPS Narsapuram is part of the world-renowned Delhi Public School Society, which has a legacy of over 70 years in the field of education. Our mission is to provide our students with an exceptional education that empowers them to become global citizens who are confident, compassionate, and capable of making a positive impact on society.

our students are given a holistic education that nurtures their intellectual, social, emotional, and physical development. Our students are encouraged to think critically, communicate effectively, collaborate with others, and develop a lifelong love for learning.

Our Faculty & Staff at DPS Narsapuram

We believe that the quality of education is only as good as the quality of the faculty and staff. We are proud to have a team of experienced and dedicated educators who are passionate about teaching and learning. Our faculty members hold advanced degrees in their respective fields, and many have extensive teaching and research experience in India.

Our teachers are not only experts in their fields, but they are also caring mentors and role models for our students. They work closely with students to help them reach their full potential, providing personalized attention and support to ensure that each student's unique strengths and challenges are addressed.

Our Curriculum at DPS Narsapuram

We offer a comprehensive and challenging academic program that prepares our students for success in college and beyond. Our curriculum is designed to be engaging, rigorous, and relevant, and it is aligned with the guidelines set by the Central Board of Secondary Education (CBSE).

We offer a wide range of subjects in the sciences, humanities, and arts, as well as opportunities for advanced study and independent research. Our classes are taught using a variety of instructional methods, including lectures, discussions, group projects, and hands-on experiments. We also use technology to enhance the learning experience, providing students with access to digital resources, online learning platforms, and interactive whiteboards.
